

MAKE SURE NEVADA'S AGRICULTURE IS COUNTED IN 2022!

WHY PARTICIPATE?

Participation in the Census of Agriculture is critical for all of Nevada's producers.

- It impacts the amount of private, local, state and federal resources and funding available to Nevada agriculture.
- It is the basis on how public and private insurers and banks build assistance and loan programs for producers.
- It aids in decision making for policy makers at the state and federal level.
- It demonstrates the impact and importance of agriculture to our state economy.
- It impacts how Nevada's agriculture industry is represented nationally and internationally.
